

## **Columbia Amateur Radio Club July 7, 2020 Meeting Minutes**

Our monthly meeting was again held online via Zoom.

The meeting was called to order at 7:04 PM by President Dan Cunningham, K9DBC.

### Announcements

There has been a great response to Zoom. There were 31 members checking in tonight.

The club presently has 146 members, 18 families and 2 new members.

We had 2 members upgrade from general to extra.

Our Sunday night 2 Meter Repeater Net report for the month showed that there were 4 sessions held, 142 check ins for an average of 34 per session, and 23 pieces of traffic.

Treasurer Doug White, N4NYK, reported that the club has a balance of \$5,323.25 and the club funded some Field Day expenses.

Field Day was a huge success with 30 people attending, 6 stations operating. 199 digitals contacts, 26 phone contacts and 2 CW contacts were made at Sesquicentennial Park. This year, because of Covid19, operators were allowed to work from home and have their contacts included in the club score, which a number our operators chose to do.

Tonight's Program was a presentation by Doug Anderson W4NWS, who is with the National Weather Service. His presentation was Weather Spotter Training.

The meeting was adjourned at 8:30 PM.

Respectfully submitted, Jean Covey W1GTJ, Secretary
